

THE LIUNA ADVANTAGE

FOR CONSTRUCTION USERS AND CONTRACTORS Clean, Competitive Agreements

Think working union is complicated? Think again.

The Laborers' International Union of North America (LIUNA) has some of the cleanest, most competitive agreements in the construction industry. More than 16 national agreements streamline the competitive bidding process, and most local and regional agreements are similarly easy to use and understand.

Looking for a union contractor? Many Laborers' regional offices provide user-friendly directories and databases of signatory contractors, so that owners and construction users are never more than a phone call away from several contractors willing to bid on their work. And every LIUNA affiliate, from the smallest local union, to the International headquarters, will work with you to find a signatory contractor who meets your needs.

Want a unionized workforce? Give us a call; our local unions and district councils are equipped not only to supply contractors with a skilled, well-trained workforce, but to work with contractors to win projects and jobs.
