

THE LIUNA ADVANTAGE

FOR CONTRACTORS

Regulatory Assistance and Review

The Laborers' International Union of North America (LIUNA) provides more than just a safe, skilled workforce. We help contractors negotiate and manage the maze of regulations that govern construction sites. LIUNA provides:

- Site safety visits that can identify and remedy problems before the government gets involved;
- Expert assistance and advice on regulatory compliance;
- Aggressive fair contracting efforts to ensure that all contractors are held to the same standards;
- Regulatory monitoring to stay one step ahead of the process;
- An additional industry-friendly voice before elected officials and regulators;
- Testimony in favor of controversial projects before regulatory bodies and public forums;
- Partnerships with key agencies to reduce regulatory burdens;
- Regulation-specific training and safety programs.

Contact your local Laborer representative to find out how LIUNA can make regulations work for you. That's the LIUNA Advantage.
